中国剪纸

剪纸张飞的脸谱为白脸蝴蝶形。大眼窝与交眉连接，同蝶翅，眉中细点似蝶眼，眼角加红点象蝶角。脾气火爆和粗犷，但有侠义心肠。额头皱纹示意黑脸大将，但不凶狠。大将起面带微笑，乐观无畏。头巾、里帽、里巾，身穿硬靠，大将气宇轩昂，不怒自威。

The facial makeup of Zhang Fei in the paper cut designed like a black-white butterfly. The eyehole is linked with the eyebrow to make wings of a butterfly. The eyebrow is painted with some small dots and the eye-corner with some red to display that Zhang Fei was bad-tempered but caring despite carelessness. Sometimes, the forehead is blackened to show that Zhang Fei was a very brave man. The nose is a little turned upwards and the face smiling to show that Zhang Fei was optimistic and brave. The head is wrapped up with a big scarf and the ear dressed with black ornaments. The straight-up posture of Zhang Fei shows his overwhelming bravery without displaying his anger.

The eyebrows are turned up a little and the check-painted pink cheeks really present her. She is dressed elegantly and attractively. Her bust is adorned with many hairpins on the head. The blouse and the black skirt are well-maintained. A large amount of ink brush is used to draw the black lines here and there.

The paper cut with Bai
Zheng uses black for facial
makeup. Above the white
wistray is a mask on the
forehead, which looks like
a white man holding on a
white mountain. This repre-
sents his justice in enforcing
laws and his ability of making
justice. Bai Zheng wears an
official cap for the Prime Min-
ister, but the color of the cap
is shifted from black to blue,
which is actually especially
a wistray for the paper
cutting. The cap is decorated
with flowers and the golden
bells which shows that Bai
Zheng was awarded.
