THE SAVINGS BANKS OF EUROPE

Eufiserv is an initiative of the European Savings Banks Group. It is an international telecommunications network that allows cross-border ATM (Automatic Teller Machine) transactions. Wherever you see the Eufiserv sign, and you have the appropriate bank card, you can withdraw local cash. Just like back home. What's more, as soon as Europe gets its single currency, Eufiserv will be one of the first networks to provide you with ECU's via its ATM's.
